

FOIA
25X1**CONFIDENTIAL**

Journal - Office of Legislative Counsel
Friday - 25 February 1977

Page 5

20. []) LIAISON Checked with Bill Miller, 25X1
Staff Director, Senate Select Committee on Intelligence, and verified
that he had received the material on the FOIA case pending in the Court
of Appeals, which has ramifications for congressional documents. I also
wanted to determine if they had decided on preparing an amicus curiae
brief, as I had previously suggested. Miller will check into the matter.

21. [] LIAISON Called Bill Hogan, House 25X1
Armed Services Committee staff, and verified that he had received the
material on the FOIA case pending in the Court of Appeals, which has
ramifications for congressional documents, and to check whether or
not he was working on an amicus curiae brief, as we had previously
discussed. Hogan said he was reviewing the material and wanted to
work up a brief. He said we could mention his interest to the Department
of Justice.

22. [] LIAISON Ms. Joan Whalen, claiming to 25X1
be a private consultant, called to schedule a briefing on China for Ed Ney,
a partner in the advertising firm of Young, Rubican International, 285 Madison
Avenue, New York City. I told Ms. Whalen that we were not in the business
of briefing private citizens and suggested she contact Department of State,
Library of Congress or the Department of Commerce.

23. [] BRIEFING Accompanied [] 25X1
CPS, to a briefing of Steve Bryen and Pauline Baker, Senate Foreign Relations
Committee staff, on the situation in Uganda. There was one follow up item
which was taken care of during that same day.

24. [] CONSTITUENT I had several conversations 25X1
about a CIA employee with the office of Representative Austin
Murphy (D., Pa.), and [] Office of Personnel. (See Memorandum 25X1
for the Record.)

25. [] LIAISON Martin Dunn, in the office of 25X1
Representative John Murphy (D., N. Y.), called to ask what information
CIA has on a woman who is believed to be a South Korean citizen. (See
Memorandum for the Record.)
